

Hey everybody!

Well, the time has come for us to have services in the sanctuary again! We are SO excited to be able to meet again, but we are only able to meet within state and local guidelines. That means things will be different should you choose to come on Sunday. Please read the following very carefully so that there is no confusion. If you have any questions or concerns, please feel free to contact the office at 770-537-3747 or by any other means you have access to.

Also, we know that not everyone is ready to come back to a large gathering. We completely understand and encourage you to continue to engage with us online.

Services:

In-Person - 9AM & 11 AM

FaceBook Live - 11 AM

Doors will open at 8:35 & 10:35. No access before that unless you are scheduled to volunteer.

Everyone will enter through the front lobby. A registration and health check table will be set up under the awning. Please stop there before attempting to enter. Each member of the family will need to have their temperature checked (it is non-touch), but the few basic health questions can be answered for your family as a whole.

Please note - People with a fever and those who are at-risk based on the health questions WILL NOT be allowed access to the building. If you or any member of your family are sick, or have been recently, please stay at home and enjoy the service online.

The chairs have been spaced out for the social distancing requirement. If you need assistance with having enough chairs for your family, an usher will be on hand to help. Please be sure to sit with your family as a group.

We are trying to avoid having people register, but we have a maximum capacity of about 120. We simply have no way of knowing whether that will accommodate those interested in coming. If more people than that show up, we will invite those in excess to go to the fellowship hall in the Coley Building and do service together through FB Live. Should that be the case, we will have to implement a registration system for the following week(s).

Restrooms will be available, but we do ask that you use the anti-bacterial wipes on the backs of the toilets to wipe down the seat and handles when you are finished. (Please do not flush the wipes). A restroom attendant may also be present to assist with this.

Once service is over, please move to the parking lot as soon as possible. It is much healthier to fellowship outside than inside.

The building will be cleaned and sanitized between services, but we do encourage all people 65 and over, and anyone with a compromised immune system or underlying condition to attend the 9 o'clock service.

Kids ministry will NOT be available, but we will provide individually wrapped 4pk crayons and coloring sheets to help you with your little one.

No food or beverages will be served.

Please remember:

No hugging or handshaking

Masks are encouraged (per CDC guidelines), but not required

Cover sneezes and coughs

Be sure to use the hand sanitizer liberally (available all around the building)

Opportunities to Serve on a "Go Team" this Sunday:

Sanitizing Crew - If you are willing to help us sanitize the building between or after services, please let Missy know at missychapman@bellsouth.net.

Camera/Video Crew - Because digital is the new default, we have to continually improve the broadcast of our services. If you are willing to learn to operate a camera or some other function on the media team, please contact Pastor Robby at Robby.clwestga@gmail.com.

Thanks everyone! I hope to see you all on Sunday - either online or in the sanctuary!

Pastor John
